The activities our school provides (e.g., field trips, guest speakers, experts in schools, sporting activities, outdoor education, etc.) are important for my child's learning.

- I'm good with paying additional fees if the benefit actually goes to improving my child's experience.
- Willing to pay more fees for more enhancement materials and more field trips.
- Maybe you should let each class try and raise funds to go towards school field trips to help ease the costs. The kids would feel they had helped toward an activity they are taking part in. Working as a team to help pay the cost of these trips.
- I think Phys Ed is doing an amazing job coordinating field trips for all grades with unique and fun activities inside and outside the school. I found the ranking of the fees hard as I truly think they are all important. Thank you for all the work you do at ~~Batallion~~ to give kids unique experiences.
- I ranked music and ~~phys~~ Ed equipment lower as these can be funded from the Society.
